The new gold standard of force plates and systems

Be with us online as we launch the new era of force measurement!

For over 50 years, Kistler force plates have helped customers to reduce injuries, improve movement sequences, optimize rehabilitation, and boost performance. Unmatched accuracy and reliability have made our systems the solution of choice in sports science, rehabilitation and clinical research.

Now we are launching the **new gold standard** in force measurement! Join our webinar to learn how **these new benefits add up to triple excellence**:

- cutting-edge digital technology
- superlative lifelong service
- a full range of customizable options

Florian Laborde, Business Driver and Outside Sales Representative at Kistler, will unveil what is – literally – a quantum leap. He will give a full introduction to Kistler force plates and measurement technology, so you need no previous knowledge. And be sure to join in our live Q&A at the end of the session.

Go digital. Go gold. Go Kistler!
